.....THE.....

AMERICAN FUNERAL RECORD

A READY REFERENCE DAY-BOOK FOR UNDERTAKERS.

A few words of Explanation to the man who enters up the order for Funeral Arrangements:

This Record Book will be of great assistance to your profession in entering up funerals and arrangements for same, correctly, intelligently and completely. You will find it prudent to record all items that are given therein, as in doing this you will not only enhance the prestige of the profession, but also create admiration and confidence of your patrons in your work. Record items of a deceased are looked for at the Undertaker's quite frequently, and the more exact you keep a record of incidentals that have bearing on the funeral, the better will be the results.

In entering up your work, observe the following:

State full name of the deceased on first line and note on same line the relative position of same to the one the funeral is to be charged to; for instance: wife of, or son of, or servant of, etc.

The two clauses, "Order given by," and "How secured," are self-explaining. They will assist you very materially in overcoming the embarrassment incident to asking security for an account.

The clause "Cause of Death" is very essential for several reasons: 1, to know whether the subject died of a contagious disease; 2, to adopt correct measures for embalming; 3, to ascertain the necessity of disinfection, etc.

Occupation of the deceased, single or married, religion and age, are matters of biographical record and should be entered up most exact and correct in every case.

The grave chart is put in a most convenient form in this Record Book and the advantage in keeping strict record of the places of graves is apparent. It will be highly appreciated by those ordering the funeral, as it will save to them and to yourself a special trip to the cemetery.

The pleasing and correct rotation, observed in the bill of items to be charged, is an essential and most practical feature of the chart and this part of the record alone is worth the price of the book. Fill out such items as you were called upon to furnish, and leave the others blank. Read all the items when rendering bill, and you are then sure that you have not omitted any charge. The extra lines on bill of items are for such charges as the printed items may not provide for. You may for instance be called upon to charge outlays, such as Railroad Fares, Trolley Car Service, etc.

The Ledger part on bottom of each page will enable you to keep account of your entire funeral work in one book, though you may prefer to transfer the total of the bill as one item into your regular Ledger.

This Funeral Record has been compiled after laborious and close study into the proper requirements of your profession. It is the result of years of experience, and, if you will carefully enter up the spaces provided in this book, you will find that every item that might possibly be needed for future reference is recorded.

FUNERAL ETHICS.

The average Funeral Director, while conversant with the details of funeral work, cannot fail to find the following Rules on Funeral Etiquette an interesting reading matter, with the chances of finding among them some points, the close observance of which will be of benefit to him, to-wit:

In all things use good judgment and cool deliberation in performing your work, and remember that you are not called upon to console the bereaved, but to take care of the remains, and do that in the most competent and least ostentatious way.

Be courteous and polite under any and all circumstances, however trying. Refrain from alluding to your work as "a job;" it is not only bad form,but is also apt to offend your patrons. Term it "a call," "a funeral," or "an order."

Perform your work in a quiet and considerate manner, and make as few requests of the family as possible. Talk in an undertone while at the funeral house.

When selling the casket or coffin, do not be afraid to recommend the use of good goods. It will satisfy your customers better in the end and will prove an effective advertisement for yourself.

Take correct note of all arrangements for the funeral when the order for the casket is taken. Be sure that you have a clear understanding with your customer on all points pertaining to the funeral arrangements, and then note same down in your Funeral Record Book. Also be careful that you have the correct spelling of name for the newspapers, etc. A memorandum sheet of the American Funeral Record will assist you greatly in these functions.

Take note of as many of the biographical items, such as religion, age, occupation, etc., of the deceased as you can obtain by easy suasion, and insert them in the proper spaces provided in this Record Book. Items of record of a deceased are often inquired for at the Undertaker's and by keeping complete account and record of all things, your patrons will see convincingly that you are doing your work on up-to-date principles, and that a funeral is handled by you better than a mere "putting the body under ground."

Have leave-taking occur prior to arrival of friends for the funeral and attend to closing casket or sealing metallic or metallic linings before the services begin. Avoid all delay, hitch or misunderstanding with your helpers. Instruct bearers, drivers and others beforehand.

Flowers and smilax on the door crepe beautifully suggest through the grim reality of death bright rays of soft feeling and hope.

Lining with evergreen helps very materially to make a grave seem less distressing during interment.

A very desirable adjunct to your equipment is some matting and possibly a canopy to use at the cemetery, in sunshine or storm. Also be supplied with skull caps for pall-bearers, who will consider your protecting their heads from cold or sun a lasting favor.

At the funeral services speeches of lodge members lead the sermon. These speeches are usually made at the grave. If societies attend in a body, the principal services are held at the grave. Episcopal services are mostly held at the house; Roman Catholic always at the church.

Have your hearse paralleled with the sidewalk. (Do not back it into the pavement like a moving van.)

Order of carriages in funeral cortege, to-wit: Carriages or automobiles with pall-bearers, hearse, mourners' carriages, minister's carriage, carriages of friends, and last, surreys and buggies. If lodge members conduct the rites, the carriage or carriages of the lodge members lead the procession.

Where the deceased is buried without any religious services, or where the mourners are too poor to engage the services of a preacher, the undertaker may officiate and offer the prayer.

If remains are to be shipped, see to it that the departure from the house is set so as to be at the depot at least one-half hour before train time. The undertaker has then a chance to see in proper manner and without undue flurry to arrangements.

Stillborns are buried by the undertaker alone. It is unusual that any of the family attend the interment.

Where bodies are neither embalmed nor put on ice, keep in coolest place possible, perhaps, best between two open windows, with the sunshades drawn down as far as needed, and use a bleacher frequently over face and hands of the deceased.

Let the entire funeral be conducted in a quiet, well-ordered and dignified manner, and you have conferred a lasting favor upon those who required the sorrowful need of your service. This is the best method of advertising an undertaker can and should employ, and it is the stepping-stone for sure success.

AMERICAN RAILWAY EXPRESS CO., INC.

UNIFORM EXPRESS RECEIPT—NON-NEGOTIABLE—TERMS AND CONDITIONS (PREPAID FORM 12)

1. The provisions of this receipt shall inure to the benefit of and be binding upon the consignor, the consignee, and all carriers handling this shipment, and shall apply to any reconsignment, or return thereof.

2. In consideration of the rate charged for carrying said property, which is dependent upon the value thereof and is based upon an agreed valuation of not exceeding fifty dollars for any shipment of 100 pounds or less, and not exceeding fifty cents per pound, actual weight, for any shipment in excess of 100 pounds, unless a greater value is declared at the time of shipment, the shipper agrees that the company shall not be liable in any event for more than fifty dollars for any shipment of 100 pounds or less, or for more than fifty cents per pound, actual weight, for any shipment weighing more than 100 pounds, unless a greater value is stated herein. Unless a greater value is declared and stated herein the shipper agrees that the value of the shipment is as last above set out and that the liability of the company shall in no event exceed such value.

3. Unless caused by its own negligence or that of its agents, the company shall not be liable for—
a. Difference in weight or quantity caused by shrinkage, leakage, or evaporation.
b. The death, injury, or escape of live freight.
c. Loss of money, bullion bonds, coupons, jewelry, precious stones, valuable papers, or other matter of extraordinary value, unless such articles are enumerated in the receipt.

4. Unless caused in whole or in part by its own negligence or that of its agents, the company shall not be liable for loss, damage, or delay caused by—
a. The act or default of the shipper or owner.
b. The nature of the property or defect or inherent vice therein.
c. Improper or insufficient packing, securing, or addressing.
d. The Act of God, public enemies, authority of law, quarantine, riots, strikes, perils of navigation, the hazards or dangers incident to a state of war, or occurrence in customs warehouse.
e. The examination by, or partial delivery to, the consignee of C. O. D. shipments.
f. Delivery under instructions of consignor or consignee at stations where there is no agent of the company after such shipments have been left at such stations.

5. Packages containing fragile articles or articles consisting wholly or in part of glass must be so marked and be packed so as to insure safe transportation by express with ordinary care.

6. When consigned to a place at which the express company has no office, shipments must be marked with the name of the express station at which delivery will be accepted or be marked with forwarding directions if to go beyond the express company's line by a carrier other than an express company. If not so marked shipments will be refused.

The Company will not pay over $50, in case of loss, or 50 cents per pound, actual weight, for any shipment in excess of 100 pounds, unless a greater value is declared and charges for such greater value paid.

NOTE—The Company's charge, except upon ordinary live stock is dependent upon the value of the property, as declared or released by the shipper. If the shipper desires to release the value to $50 for any shipment of 100 pounds or less, or not exceeding fifty cents per pound, actual weight, for any shipment in excess of 100 pounds, the value may be released by inserting "not exceeding $50." or "not exceeding fifty cents per pound." in which case the company's liability is limited to an amount not exceeding the value so declared or released.

Received shipment described hereon, subject to the Classifications and Tariffs in effect on the date hereof. Value herein declared by Shipper to be that entered in space hereon reading "Value Declared" (See note.)
Which the Company agrees to carry upon the terms and conditions printed hereon to which the Shipper agrees and as evidence thereof accepts and signs this receipt in space hereon reading "Shipper sign here".

7. Except where the loss, damage, or injury complained of is due to delay or damage while being loaded or unloaded, or damaged in transit by carelessness or negligence, as conditions precedent to recovery claims must be made in writing to the originating or delivering carriers within four months after delivery of the property or, in case of failure to make delivery, then within four months and fifteen days after date of shipment; and suits for loss, damage or delay shall be instituted only within two years and one day after the date when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof.

8. If any C. O. D. is not paid within thirty days after notice of non-delivery, has been mailed to the shipper the company may at its option return the property to the consignor.

9. Free delivery will not be made at points where the company maintains no delivery service; at points where delivery service is maintained free delivery will not be made at addresses beyond the established and published delivery limits.

Special Additional Provisions as to Shipments Forwarded by Vessel from the United States to Places in Foreign Countries.

10. If the destination specified in this receipt is in a foreign country, the property covered hereby shall, as to transit over ocean routes and by their foreign connections to such destination, be subject to all the terms and conditions of the receipts or bills of lading of ocean carriers as accepted by the company for the shipment, and of foreign carriers participating in the transportation, and as to such transit is accepted for transportation and delivery subject to the acts, ladings, laws, regulations, and customs of over-sea and foreign carriers, custodians, and governments, their employees and agents.

11. The company shall not be liable for any loss, damage, or delay to said shipments over ocean routes and their foreign connections, the destination of which is in a foreign country, occurring outside the boundaries of the United States, which may be occasioned by any such acts, ladings, laws, regulations, or customs. Claims for loss, damage or delay must be made in writing to the carrier at the port of export or to the carrier issuing this receipt within nine months after delivery of the property at said port or, in case of failure to make such delivery, then within nine months and fifteen days after date of shipment, and claims so made against said delivering or issuing carrier shall be deemed to have been made against any carrier which may be liable hereunder. Unless claims are so made the carrier shall not be liable.

12. It is hereby agreed that the property destined to such foreign countries, and assessable with foreign governmental or customs duties, taxes, or charges, may be stopped in transit at foreign ports, frontiers or depositories, and there held pending examination, assessments, and payments, and such duties and charges, when advanced by the company shall become a lien on the property.
